Operation Blue Beam oder Project Blue Beam

Dear Citizens, Patriots, Veterans, et al:

Please read this incredible tale of apparations and modulated microwave images and sounds and voices directed into your brain, I was told today by those in the know that holographic images of tanks and war machinery were projected over the desert to the Iraqis to scare them into submission during Desert Storm. Looks like it worked quite effectively.

So there are two separate weapons. One projects images in the air while the other projects images into your mind. Every wonder why Buford Morrow the day care center killer checked himself into a psych-hospital prior to going on his rampage and claimed that he heard voices telling him to kill people. They would not listen to him.

NASA PROJECT BLUE BEAM

This is from the International Free Press in Canada.

The International Free Press network is not a religious group, neither is it a political organization, but an independent worldwide investigation press agency in the field of politics, economics, medical and military.

We specialize in investigating and publishing special reports and audio tapes to expose the underworld of the United Nations conspiracy to implement a New World Order.

Our task is to make the people realize that the agenda of the New (aka jew) World Order is not a dream or some wild, paranoid theory; it is **a real on-going Satanic project.**

For what?

To abolish all Christian traditional religions in order to replace them with a one world religion based on the cult of man. To abolish all

national identity and national pride in order to establish a world identity and a world pride.

To abolish the family as known today in order to replace them with individuals all working for the glory of the new one world government.

To destroy all individual artistic and scientific creativity to implement a one world government one-mind sight.

And that kind of declaration of war from the United Nations is for the implementation of a universal, obligatory membership to the United Nations, a strengthening of the UN by a multi-military and multi-police force, a world-wide justice department through the UN with an international tribunal, a worldwide new trade agreement for all nations, the end of cold war and local wars as they are today, and the obligation for peace by scrapping all national and state constitutions.

Also, a new world religion and a new culture for all men.

If we really wish to understand the NASA Blue Beam Project, we have to return to the „dawning of the age of Aquarius." Remember that song? That song said, „When the moon is in the seventh house and Jupiter aligned with Mars, then peace will guide our planet and love will steer the stars."

This related with the year 1982 to be, at that time, the opening for the conspiracy of the age of Aquarius, just before the implementation of the new world order, supposed to begin sometime in 1983.

I have to say that the Blue Beam Project was set up for the year 1983. It has been delayed; we don't know exactly why. But, since 1983 (eleven years before the publication of this report), they have really improved themselves with new technology and innovations in space hardware and software in which they are involved right now to make their systems possible.

So, the goals of the new age movement under which the United Nations operates right now, are the implementation of a new world „messiah.“

The tools of the new world order are,

1. an international army;

2. an international police force;

3. a world bank for the economy;

4. a world government under the United Nations;

5. a world conservatory bank for wilderness preservation around the world. That means all „green“ movements will be melded into the new international bank or disappear altogether;

6. a world religion where all church doctrines will be destroyed at the roots to be replaced by the new world religion of the age of Aquarius;

7. the world seven-races classification for all human slaves who will fulfill predetermined work tasks whether they agree with it or not;

8. the world concentration headquarters at the United Nations for those who will not accept the new system;

9. the world agriculture and food supply control which will control food and vitamin supplies around the world.

The new world order will be an „in-between“ government system for USSR, Great Britian and all its commonwealths, and the United States with its melting-pot population.

This is, at the end, a new spiritual and political world order which will replace the old ones under which we live right now.

What are the new world order plans?

They plan on the destruction of all people who believe in the Bible or worship Jesus Christ, and the complete disappearance of Christianity. To achieve this plan, the new world order is changing national laws to

assure that Christian beliefs and symbols:- like the cross, for instance, will become outlawed and unlawful. Religious holidays and ceremonies will be replaced with new age festivities around the world.

The elimination and complete destruction of all secret societies and secret brotherhoods, lodges and sanctuaries, all of which they view as the most serious threats to their survival after the implementation of the one world religion and one world government.

The new world order also plans the abolition of all national curriencies, and the transfer of commerce to electronic cash through the superhighway.

The thinkers and the basic doctrine of the new age conspiracies books are:

Elena Petrovna Blavatsky, who wrote „Isis Unveiled" and „The Secret Doctrine."

Alice A. Bailey who wrote „The Race and the Initiation and Externalization of the Heirarchy;" „Initiation: Human and Savior;" „The Reappearance of the Christ." (Their Christ is the new messiah). „The Destiny of the Nation," in which are plans for the disposition of the nation-states; „The Unfinished Autobiography;" „Disciplineship and the New Age;" „Esoteric Psychology."

These books are very important for new age thinkers who are exactly the ones who are conspiring to implement the New World Order.

Also, the writing of Nicola Roerich, who wrote, „Matraia," (that's their new messiah); „Shambala, The Resplendent," and „The Agni Yoga Series."

David Spangler who wrote, „Revelation: The Birth of a New Age," considered as the „bible" inside the new age movement; „Reflections on the Christ," which is related to the Luciferian initiation; „Links With Space," which maintains that off-world aliens are supposed to come to save earthlings from themselves; „Relationship and Identity,"

„The Love of Manifestation," „New Age Rifts," and „Toward a Planetary Vision," which is directly related to the visions of the new world order, as they plan it to be.

Now…what those people also plan – and I repeat, this is not a dream and is not paranoid thinking, this is real. They plan that in order to accept the new world order, all people must first accept the new age religion; to enter into the new world religion, the Christian will have to abdicate their own beliefs. So, as they said, the initiation will be on a worldwide basis inside the newly organized new Christian church (which will be a reorganized and strictly controlled Masonic temple) occult organization based on a Luciferian initiation. What we have to understand here is that no one will be able to maintain their old beliefs and, at the same time, enter into the new age religion. It will be impossible.

For those who will not accept the new world order, who will reject it, the new world order people have already built re-education concentration camps and, for those camps, they have established what they call the „rainbow classifications" of the new world order prisoners.

The rainbow is considered as the „bridge" leading to the Satanic empire of the new world order.

We already know, for instance, that everyone will have to take an oath to Lucifer in order to cross that bridge into the new age. All who resist that initiation will be sent to detention facilities where they will be separated into different categories, known as the rainbow classification of the new world order prisoners.

1. Classification of Christian children, as planned, is to be as human sacrifices where, within the black mass ceremonies, they will forced to participate in any kind of sexual orgies or be kept as sexual slaves.2. Classification of prisoners to be used in medical experiments where drugs and new technologies will be tested on humans.

3. Classification of healthy prisoners for the International Organ Donation Center where vital organs will be removed one by one while they are kept alive by mechanical devices.

4. Classifiaction of all healthy underground worlkers. The new world order is basically a worldwide dictatorship based upon the Luciferian religion; **a dictatorship with the illusion of democracy**. In order to maintain the illusion of democracy, camps and slave labor will be hidden underground in massive colonies that are being built as we write this report.

5. Classification of „Uncertain Prisoners." In the international „re-education" center, political and religious prisoners will be re-educated (by whatever means are required) so that they may repent on international televison programs and glorify the virtues of the one world government for the benefit of all humanity.

6. Classification of the International Execution Center. Clear enough!

7. Classification seven. We are still waiting on the details of the Seventh Classification, and we are awaiting verification of the colors to be assigned to these classifications of prisoners, but this is the basic agenda of those who have planned the new „paradise" world of the future.

You must understand that when I decided to release, about six months ago, some of their plans and information concerning their most important project, which is the NASA Blue Beam Project, I wasn't certain if I would survive my stand against the new world order's plans to put down on their knees all of the world's cultures and religions.

But, now, following my own Christian conscience, my real and deep love for all my unknown brothers and sisters in America and throughout the world, I freely accept to give my life if it has to be the case for the truth, for Jesus Christ, by releasing for the first time, the four major steps of the Satanic Blue Beam Project.

I ask everyone who reads the following descriptions not to be paralyzed by their natural fears but to spread to everyone the contents of this special report, and to gather together in order to pray and to think and to organize ways to survive the new world order government show-down and power taking, because what we have to understand is that the new world government will not be something permanent, immortal; this is not the case. But what we have to do right now is how to organize to survive such Satanic plans.

EDITOR'S NOTE:

The author of this report and his colleague were both killed only weeks apart; one in Canada and the other while visiting Ireland. Now we must carry on their work.

PROJECT BLUE BEAM

The infamous NASA Blue Beam Project has four different steps in order to implement the new age religion with the antichrist at its head. We must remember that the new age religion is the very foundation for the new world government, without which religion the dictatorship of the new world order is completely impossible.

I'll repeat that: Without a universal belief in the new age religion, the success of the new world order will be impossible!

That is why the Blue Beam Project is so important to them, but has been so well hidden until now.

The first step concerns the breakdown of all archeological knowledge. It deals with the setup with artificially created earthquakes at certain precise locations on the planet where, supposedly, new discoveries will finally explain to all people the error of all fundamental religious doctrines. The falsifaction of this information will be used to make all nations believe that their religious doctrines have been misunderstood for centuries and misinterpreted. Psychological preparations for that first step have already been implemented with the film, „2001: A Space Oddessy;" the StarTrek series, and „Star Wars;" all of which deal with invasions

from space and the coming together of all nations to repel the invaders. The last films, „Jurrassic Park," deals with the theories of evolution, and **claim God's words are lies.**

What is important to understand in the first step is that those earthquakes will hit at different parts of the world where scientific and archeological teachings have indicated that arcane mysteries have been buried. By those types of earthquakes, it will possible for scientists to re-discover those arcane mysteries which will be used to discredit all fundamental religious doctrines.

This is the first preparation for the plan for humanity because what they want to do is destroy the beliefs of all Christians and Muslims on the planet. To do that, they need some false „proof" from the far past that will prove to all nations that their religions have all been misinterpreted and misunderstood.

The second step involves a gigantic „space show" with three-dimensional optical holograms and sounds, laser projection of multiple holographic images to different parts of the world, each receiving a different image according to predominating regional national religious faith.

This new „god's" voice will be speaking in all languages. In order to understand that, we must study various secret services' research done in the last 25 years. The Soviet's have perfected an advanced computer, even exported them, and fed them with the minute physio-psycological particulars based on their studies of the anatomy and electro-mechanical composition of the human body, and the studies of the electrical, chemical and biological properties of the human brain.

These computers were fed, as well, with the languages of all human cultures and their meanings. The dialects of all cultures have been fed into the computers from statellite transmissions. The Soviets began to feed the computers with objective programs like the ones of the new messiah. It also seems that the Soviets – the new world order people – have resorted to suicidal methods with the human society by allocating electronic wavelengths for every person and every society

and culture to indice suicidal thoughts if the person doesn’t comply with the dictates of the new world order.

There are two different aspects of step two. The first is the „space show.“ Where does the space show come from? The space show, the holographic images will be used in a simulation of the ending during which all nations will be shown scenes which will be the fulfillment of that which they desire to verify the prophecies and adversary events. These will be projected from satellites onto the sodium layer about 60 miles above the earth. We see tests every once in a while, but they are called UFOs and „flying saucers.“

The result of these deliberately staged events will be to show the world the new „christ,“ the new messiah, Matraia, for the immediate implementation of the new world religion. Enough truth will be foisted upon an unsuspecting world to hook them into the lie. **„Even the most learned will be deceived.“**

The project has perfected the ability for some device to lift up an enormous number of people, as in a rapture, and whisk the entire group into a never-never land. We see tests of this device in the abduction of humans by those mysterious little alien greys. who snatch people out of their beds and through windows into waiting „mother ships.“

The calculated resistance to the universal religion and the new messiah and the ensuing holy wars will result in the loss of human life on a scale never imagine before in all of human history.

The Blue Beam Project will pretend to be the universal fulfillment of the prophecies of old, as major an event as that which occurred 2,000 years ago. In principle, it will make use of the skies as a movie screen (on the sodium layer at about 60 miles) as space-based laser-generating satellites project simultaneous images to the four corners of the planet in every language and dialect according to the region. It deals with the religious aspect of the new world order and is deception and seduction on a massive scale.

Computers will coordinate the satellites and software already in place will run the sky show. Holographic images are based on nearly identical signals combining to produce an image or hologram with deep perspective which is equally applicable to acoustic ELF, VLF and LF waves and optical phenomena.

Specifically, the show will consist of multiple holographic images to different parts of the world, each receiving a different image according to the specific national, regional religion. Not a single area will be excluded.

With computer animation and sounds appearing to emanate from the very depths of space, astonished ardent followers of the various creeds will witness their own returned messaihs in convincing lifelike reality.

Then the projections of Jesus, Mohammed, Buddah, Krishna, etc., will merge into one after correct explanations of the mysteries and revelations will have been disclosed. This one god will, in fact, be the antichrist, who will explain that the various scriptures have been misunderstood and misinterpreted, and that the religions of old are responsible for turning brother against brother, and nation against nation, therefore old religions must be abolished to make way for the new age new world religion, representing the one god antichrist they see before them.

Naturally, this superbly staged falsification will result in dissolved social and religious disorder on a grand scale, each nation blaming the other for the deception, setting loose millions of programmed religious fanatics through demonic possession on a scale never witnessed before.

In addition, this event will occur at a time of profound worldwide political anarchy and general tumult created by some worldwide catastrophe. The United Nation even now plans to use Beethovan’s „Song of Joy“ as the anthem for the introduction for the new age one world religion.

If we put this space show in parallel with the star wars program we get this: combination of electromagnetic radiation and hypnosis have also been the subject of intensive research. In 1974, for instance, researcher G. F. Shapits, said of one of the research proposals that, „…in this investigation it will be shown that the spoken words of the hypnotist may also be converted by electromagnetic energy directly and to the subconscious part of the human brain without employing any mechanical device for receiving or transcording the message, and without the person exposed to such influence having a chance to control the information input consciously. It may be expected that the rationized behavior will be considered to have been taken out of their own free will.“

Anyone investigating so-called „channelling“ phenomena right now would be wise to take this area of research into consideration. It will be noted that those who think of themselves as „channellers“ has escalated rapidly since this type of research was conducted.

It is uncanny how similar their messages are, despite which entity they claim to be their source of divine guidance. It would suggest any individual considering the credibility of channelled information should be discerning and critically evaluate where the message they are receiving originates, and if the messages are specifically beneficially to the new world order.

The Sydney Morning newspaper published an item on March 21st, 1983 which announced that the Soviets were invading the human mind, the article having been submitted to the foreign editor by Doctor Nathan Abnuengy, assistant professor in the faculty of agriculture in Asia. It is worth quoting the article at length even though his grammer is a little old.

This article relates to the Soviets who created the supercomputer we were discussing earlier and which is really important because these types of

computers can be run through satellites and through space. The computers were fed with all the different languages and their

meanings, the dialect of all peoples were fed to the computers with objective programs.

But we are no longer talking about the Soviets; we are talking about the United Nations, the minions of the new world order, who are feeding the computers with the necessary information.

The editor of the column in which the article appeared even states that the piece made points too important to ignore. I think it is possible that the persons who have created this mega-mind control program could sell the software to an organization and not be aware that the client might use the program and data to enslave all of humankind. Just imagine how far they have advanced since that article was published!

The advancement of techniques propel us toward **the third step in the Blue Beam Project** that goes along with the telepathic and electronically augmented two-way communication where ELF, VLF and LF waves will reach each person from within his or her own mind, convincing each of them that their own god is speaking to them from the very depths of their own soul.

Such rays from satellites are fed from the memories of computers that have stored massive data about every human on earth, and their languages. The rays will then interlace with their natural thinking to form what we call diffuse artifical thought.

That kind of technology goes into the 1970s, 1980s, and 1990s research where the human brain has been compared to a computer. Information is fed in, processed, integrated and then a response is formulated and acted upon.

Mind controllers manipulate information the same way a computer for grammer manipulates information.

In January 1991, the University of Arizona hosted a conference entitled, „The NATO Advanced Research Workshop on Current and Emergent Phenomena and Biomolecular Systems.“ What does that mean exactly?

It means this: We refer to one paper that was delivered at the conference which stands out for its different attitude towards the development under discussion at that time. It was, in effect, a protest and chilling warning to the attending scientists about the potential abuse of their research findings.

Their findings, of course, stated that the United States has already developed communications equipment which can make the blind see, the deaf hear and the lame walk. It can relieve the terminally ill from pain without the use of drugs or surgery. I’m not talking about science fiction.

A man might retain the use of all his faculties right up to the moment of his death. This communications equipment depends upon a completely new way of looking at the human brain and neuro-muscular systems and radiation pulses at ultra-low frequencies.

Some of this equipment is now operational within the Central Intelligence Agency (CIA), and Federal Bureau of Investigation. It will never be used to make the blind see, the deaf hear and the lame walk because it is central to the domestic political agenda and foreign policy of George Bush and his puppetmasters of the new world order.

Domestically, the new communications equipment is being used to torture and murder person who match profiles imagined to be able to screen a given population for terrorists; to torture and murder citizens who belong to organizations which promote tolerance and peace and development in Central America; to torture and murder citizens who belong to organizations who oppose the development and deployment of nuclear weapons, and to create a race of slave cult automatons, or what is popularly called „the Manchurian Candidates.“

Overseas experimentation is taking place on hostages held by the United States and Canada, Great Britian, Australia, Germany, Finland and France. Additionally, there has been a long series of bizarre suicides among British computer scientists, all of whom have had some connection to the United States Navy.

What it is possible to ask before such a psychology of terror is this: would any government, corporation or psychiatrist wilfully promote such horror today?

The answer is quite obviously, „Yes." Government agencies and the corporations that work with them toward new world order are prepared to promote anything that will help them achieve their objective of total social control.

As for the question of why: For one thing, if you terrify the public and make them fear for their safety, they will allow you to implement draconian law enforcement practice, disarm them and keep extensive records on them, and they only have to tell you that it is all to protect you, of course.

Secondly, it promotes the decay of the present democratic forms of political systems, and leads societies to search for alternative methods of political

ideology. Of course, the alternative has already been planned. It is called the new world order and it will not have your safety or interests at heart. As George Bush said: „Read my lips."

Fear has always been used by powerful elite to control and subjugate the masses. The old maxim, divide and conquer is being played out to the limit worldwide to ensure that everyone is frightened for their personal safety, and to be suspicious of everyone else. This, too, is mind control.

To go further in regard to the new technology which is at the base of the NASA Blue Beam Project, we have to consider this statement by psychologist James V. McConnell which was published in a 1970s issue of Psychology Today. He said, „The day has come when we can combine sensory deprevation with drug hypnosis and astute manipulation of reward and punishment to **gain almost absolute control over an individual's behavior.** It should then be possible to achieve a very rapid and highly effective type of **positive**

brainwashing that would allow us to make dramatic changes in a person's behavior and personality."

Now, when we talked before about that kind of ray and the telpathic and electronically augmented communication, the kind of rays that are fed from the memories of computers which store massive data about humans, human language and dialects, and we said that the people will be reached from within, making each person to believe that his own god is speaking directly from within his or her own soul, we refer to that kind of technology and that kind of thinking that same psychologist was espousing, that is: we should be trained from birth that we should all do what society wants us to do rather than what we want to do for ourselves; that because they have the technology to do it, no one should now be allowed to have their own individual personality.

This statement and these ideas are important because it is the basic teaching of the United Nations that no one owns his or her own personality. And that same psycologist claims that no one has any say-so about the kind of personality they acquire and there is no reason to believe you have the right to refuse to acquire a new personality if your old personality is considered „antisocial."

What is important in this declaration is that the new world order will be set up over the current system, meaning the old way of thinking and behavior and religion will be considered the „old" and incorrect way of thinking and that they can change it at one of the eradication camps of the United Nations to make sure that anyone with this „antisocial" behavior will be disposed of quickly so that other modified individuals will be able to fulfill the needs and agendas of the new world order without being distracted by the truth.

Could this be the greatest mind control project ever? The NASA Blue Beam Project is the prime directive for the new world order's absolute control over the populations of the entire earth. I would suggest you investigate this information carefully before dismissing it as fanatic lunacy.

If we go further in the different reports we have presented, we find that the mind control operations and technology include a transmitter that broadcasts at the same frequency as the human nervous system, which transmitter is manufactured by the Loral Electro-Optical System in Pasadena, California.

Loral, a major defense contractor, has previously conducted research on directed energy weapons for Lt. Gen. Leonard Perez of the U. S. Airforce who was searching for a weapon that could implant messages into the minds of the enemy while urging his own troops on to superhuman deeds of valor!

The device employs electromagnetic radiation of gigahertz frequencies pulsed at extremely low frequencies (ELF). It is used to torture people both physically and mentally from a distance. Weapons of this type are thought to have been used against a British woman protesting the presence of American Cruise Missiles at Greenham Common Airbase during the 1970s.

This weapon can be used to induce total sensory deprevation by broadcasting signals into the auditory nerve at such high power that it blocks the ability of the individual to hear themselves think!

The process employed by such ELF technology are described in various U. S. Defense Department publications, including one entitled, " The Electromagnetic Spectrum and Low Intensity Conflict," by Captain Paul E. Tyler, Medical Commandant, U. S. Navy, which is included in a collection entitled, „Low Intensity Conflict and Modern Technology Edict," by Lt. Col David G. Dean, USAF.

The paper was delivered in 1984 and the collection published 1986 by Air University Press, Maxwell Airforce Base, Alabama.

Another pulse microwave device can deliver audible signals directly to an individual while remaining undetectable to anyone else. The technology is very simple and can be built by **using an ordinary police radar gun**. The microwave beam generated by the device is

modulated at audio frequencies and can broadcast messages directly into the brain.

Now here we come to the NASA Blue Beam Project. The broadcasting of subliminal two-way communication and images from the depths of space correspond directly to that kind of technology.

In his book, „The Body Electric,“ Nobel Prize nominee Robert Baker describes a series of experiments conducted in the early 1960s by Allen Frie where this phenomena was demonstrated as well as later experiments conducted in 1973 at the Walter Reed Army Institute of Research by Dr. Joseph C. Sharp who personally underwent tests in which he proved he could hear and understand messages delivered to him in an echo-free isolation chamber via a pulsed microwave audiogram which is an analog of the word's sound vibration beamed into his brain.

Baker then goes on to state, „Such a device has obvious application for covert operations designed to drive a target crazy with unknown voices or deliver undetectable instructions to a programmed assassin.“

Now figure out when we hear that voice from the new world messiah who would be speaking from space to all of the sane people of the earth who might give instructions to zealots and religious fanatics, we would see hysteria and social mayhem on a scale never witnessed before on this planet.

No police forces in the world, even as a combined front, could deal with the disorder that will follow!

A 1978 book entitled, „Microwave Auditory Effect and Application,“ by James C. Lynn describes how audible voices can be broadcast directly into the brain. This technology could actually allow the blind to see and the deaf to hear. Instead, it has been turned into a weapon to enslave the world.

Allen Frie also reports that he could speed up, slow down or stop the hearts of isolated frogs by synchronizing the pulsed rate of a microwave beam with the heart itself.

According to Robert Baker, similar results have been obtained using live frogs, which shows that it is technically feasible to produce heart attacks with rays designed to penetrate the human chest.

EDITOR'S NOTE: Both the author of this report and his colleague died of „heart attacks" only days apart one in Canada and the other while visiting Ireland. Neither had a history of heart problems.

I should mention also that Dr. Baker does NOT participate in such research.

It has been demonstrated that focused ultra high frequency UHF electromagnetic energy beams can be used to induce considerable agitation and muscular activity or induce muscular weakness **and lethargy.**

Microwaves can also be used to burn human skin and aid the effect of drugs, bacteria and poisons or affect the function of the entire brain. These effects were all revealed at length by the CIA on September 21, 1977 in testimony before the Subcommittee on Health and Scientific Research. Dr. Sidney Gottlieb . who directed the MK-Ultra program at that time was forced to discussed the scope of the CIA's research to find techniques of activation of the human organism by remote electronic means.

So this is something that exists right now, that has been pursued to its highest degree, that can be used from space to reach any person, anyplace on the face of the earth.

If we go deeper in that process of mind control over the people we find that the equipment and technology has been used to influence politics in a much more direct fashion.

Michael Dukakis, the Democrat candidate running against George Bush in the 1988 election was targeted with microwave technology in order to impede his public speaking performance once the the public opinion polls showed he posed a serious threat to Bush's election prospects.

He also claims that the equipment was used against Kitty Dukakis and drove her to the brink of suicide.

In the Disneyland world of U. S. politics, a presidential candidate with problems such as these, would obviously lose their race to the White House.

In the December 1980 edition of the U. S. Army Journal, called the Military Review, a column by Lt. Col John B. Alexander, entitled, „The New Mental Battlefield: Beam Me Up, Spock," provides further insight into the technical capabilities at the disposal of the comptroller. He writes, „Several examples will demonstrate areas in which progress have been made. The transferrence of energy from one organism to another; the ability to heal or cause disease to be transmitted over a distance, thus inducing illness or death from no apparent cause; telepathic behavior modification which includes the ability to induce hypnotic states up to a distance of 1,000 kilometers have been reported. The use of telepathic hypnosis also holds great potential. This capability could allow agents to be deeply planted with no conscious knowledge of their programming. In movie terms, the Manchurian Candidate lives, and does not even require a telephone call.

„Other mind-to-mind induction techniques are being considered. If perfected this capability could allow the direct transferrence of thought via telepathy from one mind or group of minds to a select target audience. The unique factor is that the recipient will not be aware that thought has been implanted from an external source. He or she will believe the thoughts are original."

This is exactly what we were talking about.

The third step in the NASA Blue Beam Project is called the Telepathic Electronic Two-Way Communication. Lt. Col Alexander's article continues: „If it is possible to feed artificial thought into the multigenic field via satellite, **the mind control of the entire planet is now possible.** An individual's only resistance would be to **constantly question the motivation behind their thoughts and not act upon**

thoughts which they consider to be outside their own ideological, religious and moral boundaries.“

Once again, it is wise to consider how television, advertising, modern education and various types of social pressure are used to manipulate those boundaries.

It has been reported by Lt. Col Alexander who said, in the summary of his Military Review article, „The information on those kinds of technologies presented here would be considered by some to be ridiculous since it does not conform to their view of reality. But some people still believe the world is flat.“

Now, this means a lot, because if people do not believe this kind of technology is possible, or that it is science fiction, those people put themselves in great jeopardy, because on the night when those thousand stars will shine from space, during the night when the new messiah will be presented to the world, they will not be prepared and will have no time to prepare to save themselves against that kind of technology. They don't believe and they won't take time to prepare.

Step Four of the NASA Blue Beam Project

The fourth step concerns the universal supernatural manifestation with electronic means. It contains three different orientations. One is to make mankind believe that an alien (off-world) invasion is about to occur at every major city on earth in order to provoke each major nation to use its nuclear weapons in order to strike back. This way, the United Nations Court will require that all those nations which launched nuclear weapons to disarm when the invasion is shown to have been false.

And how will the United Nations know that the invasion was false? They will have staged it, of course.

The second is to make the Christians believe that the rapture is going to occur with the supposed divine intervention of an alien (offworld) civilization coming to rescue earthlings from a savage and merciless demon. Its goal will be to dispose of all significant opposition to the

implementation of the new world order in one major stroke, actually within hours of the beginning of the sky show!

The third orientation in the fourth step is a mixture of electronic and supernatural forces. The waves used at that time will allow „supernatural forces“ to travel through optical fibers, coaxial cables (TV) electrical and phone lines in order to penetrate to everyone at once through major appliances. Embedded chips will already be in place. The goal of this deals with global Satanic ghosts projected all around the world in order to push all populations to the edge of hysteria and madness, to drown them into a wave of suicide, murder and permanent psychological disorders.

After the night of the thousand stars, worldwide populations will ready for the new messiah to re-estabish order and peace at any cost, even at the cost of abdication of freedom.

The techniques used in the fourth step is exactly the same usd in the past in the USSR to force the people to accept Communism. The same technique will be used by the United Nations to implement the new world religion and the new world order.

A lot of people ask when this is going to happen and how they will accomplish the visons of the night of a thousand stars, and the events that will point to the days when it will begin.

According to the many reports we have received, we believe it will begin with some kind of worldwide economic disaster. Not a complete crash, but enough to allow them to introduce some kind of in-between currency before they introduce their electronic cash to replace all paper or plastic money.

The in-between currency will be used to force anyone with savings to spend or turn in their cash because they understand that people who have money and are not dependent upon them might be the very ones who will mount an insurrection against them. If everyone is broke, no one can fund a war of any kind, paper currency will cease to exist. This is one of the first signs.

But to implement the worldwide electronic money system, everyone in the world who might have money in the future, will have to have a way to transfer money electronically. Before that time, everyone will have spent, before the year 2,000, all of their cash, reserves and assets. Everyone has to be 100% dependent upon the Council for their existence.

To prevent any kind of independence, the new world order has already implanted micro chips in wild animals, birds, fish, etc. Why? They want to make certain that the people who will not accept the new world order will not be able to hunt or fish any where in the world. If they try, they will be tracked and traced by satellites, then hunted down and imprisoned or killed.

The new world order is already changing the laws of all nations to make everyone dependent upon a single food and vitamin supply. They are changing laws about religion and psychiatric disorders in order to identify anyone who is potentially threatening to the NWO. Those who are found defective will be sent to eradication camps where their organs will be taken and sold to the highest bidders. Those who are not killed outright will be used as slave labor or used in medical experiments.

The goal of a dictatorship is to control everyone, everywhere on the planet, ruthlessly and without exception.

That’s why the new technology being introduced everywhere is a technology for the control of the people. The technology of the 1940s and 1950s was used to help the people have an easier and more productive life. The new technology is designed and built to track down and control people everywhere. This technology is being manufactured for a specific purpose and to refuse to see and recognize that purpose , which is to enslave the entire populations of the world, is to deny the emergence of the antichrist and the establishment of the new world order religion and government.

If you cannot see, if you cannot learn, if you cannot understand, then you and your family and friends will succumb to the fires of the

crematoria that have been built in every state and every major city on earth, built to deal with you.

No one is safe in a totalitarian police state!
